*What are my options?*

### **Choose one of our menus below**

Each menu is balanced with Vegetarian, Fish and Meat options. Feel free to “mix and match” from the different menus, or even include one of our signature dishes in your choices, our chef will then price it up accordingly.

### **A la carte**

*Not keen on set menus?*

Go full “A la carte” (with conditions) or alternatively Pre-order a few starters in advance and choose your main course on the day. This will allow us to serve starters promptly once the main course is ordered, avoiding any waiting time.

Note this option is available depending on the day of the week and the number of guests and at the manager’s discretion.

*My budget...*

### **The quotation**

Once your basic choices have been made we aim to offer you, prior to the event, a full breakdown of your cost, this will include an estimation of the drinks consumption, food choices and service broken down per person for a “surprise free” settlement.

From then on.... you decide and set the bar !!! we stick to it, or we can even let you know discreetly where you stand during the event.
